EXPERIENCE

LEAD SERVER / CRANES

JAN 2020 – MAR 2020 / WASHINGTON, DC

- Designed and implemented daily procedures for servers, server assistants, and food runners
- Served as liaison between 9-person management team and 32 staff members, ensuring smooth communication between all parties
- Developed training materials for individual and group training sessions covering the areas of food, wine, sake, and steps of service
- Worked directly with management to develop best practices for day-to-day operations and ensure adoption by staff members

FOUNDER & EXECUTIVE DIRECTOR / NOT YOUR DISTRICT PAC

JAN 2015 – FEB 2019 / WASHINGTON, DC

- Built a Super PAC from the ground up focused on D.C. Statehood
- Raised over \$17,000 for the 2016 election cycle through fundraising events, individual donations, and partnerships
- Organized a team of volunteers and formed an advisory committee made up of local stakeholders
- Produced a digital ad targeting for voters in Florida's 1st district using Facebook Ads and Google Adwords
- Served as spokesperson and engaged thousands of people as an Ignite Keynote speaker at Netroots Nation 2015 as well as participating in numerous media interviews

SERVER, BARTENDER / ROSE'S LUXURY

SEP 2013 – DEC 2019 / WASHINGTON, DC

- Member of the opening team for Bon Appetit's Best New Restaurant in America 2014, and one of the first Michelin Star rated restaurants in Washington, D.C.
- Certified Level I Sommelier (Master Court of Sommeliers and The Wine Spirit and Education Trust)
- Developed a data tracking tool to help predict citrus usage throughout the week

OFFICE AUTOMATION CLERK / NASA GODDARD SPACE FLIGHT CENTER

AUG 2002 – JUL 2010 / GREENBELT, MD

- Managed purchasing and requisitioning, travel requests, expense reports and personnel actions for the Solar System Exploration Data Services Office
- Initiated process to digitize archival documents for preservation
- Wrote a custom script to automate the process of retrieving thousands of pieces of Geotail satellite data
- Maintained a database of all maintenance and software contracts for data storage equipment and vendors
